Subject: I PROTEST THE PROSPERITY MINE PROJECT

Dear Sir

I am writing to let you know that I represent a group of concerned individuals in the William's Lake BC area who will NOT stand idly by while Taseko attempts to build the Prosperity Mine in our region. I suggest that both the Canadian and Provincial (BC) Governments change their policies. It is unacceptable to pollute lakes for mining. We need to focus more on recycling previously mined products. Water is a critical resource also, have you thought of that? Fish are also VERY important to our ecosystem, without them the entire food chain suffers.

Most importantly, please, listen to the First Nations of Teztan Bay. They have told you time and time again that this is a sacred place to them. The recognize the audacity in putting a mine there. Why don't you?

Sincerely

Val Lucas
William's Lake BC
