Re: Shell Canada Limited Pierre River Mine Alberta Energy Regulator Application No. 1554396 Alberta Energy Regulator EPEA Application No. 001-00245358 Water Act File No. 00245489

Dear Ms. Adams:

We are writing to advise the Joint Review Panel overseeing Shell's Pierre River Application that Shell and Fort Chipewyan Métis Local 125 (FCM) have reached an agreement to address the project-specific concerns of the FCM. As a result of this agreement, FCM supports the approval of the above-noted project and hereby withdraws its objection and statement of concern dated August 11, 2012 associated with the project and relevant applications.

The FCM do not intend to participate in the hearing to consider the Pierre River Mine Project.

Yours sincerely,

<original signed by>

Mr. Fred (Jumbo) Fraser, President Fort Chipewyan Métis Local 125
