Subject: Re: Pacific Northwest LNG on Lelu Island

My Letter

Lelu Island Terminal and the LNG Industry will cause irreversible negative damage to the environment ,Destroy a way of life for the First Nations that depend on Salmon . Allowing the Project would destroy Salmon Rearing Habitat ,from which five species Of Salmon will disappear from the Skeena river system .Greenhouse Gas emissions from From The LNG Terminal and from the fracking process cannot be tolerated , If We are to be the leaders in the reduction of Global Warming .

Regards

Bruce Thompson

Sincerely,

William Bruce Thompson
