Dear Canadian Environmental Assessment Agency:
I am writing to you today to express my support for Pacific NorthWest LNG.

I am very familiar with the benefits that Liquefied Natural Gas can bring to the Canadian economy and the global environment. As we move toward a cleaner-energy future, natural gas is a logical choice as nations short of energy look for realistic, available solutions to provide for their people.

I want to see economic growth in British Columbia and Canada. I want to see more jobs. And I want to see Canada taking action to provide its beneficial, cleaner energy sources to the world. Approving Pacific NorthWest LNG will help to make those goals a reality.

I urge the Government of Canada to approve Pacific NorthWest LNG's environmental certificate.
Sincerely,

Kelly Gingles, Vice President, <personal information removed>
