Pacific NorthWest LNG Project
Canadian Environmental Assessment Agency
410-701 West Georgia Street
Vancouver, British Columbia V7Y 1C6

Via email: GNLPacificNorthwestLNG@ceaa-acee.gc.ca

Dear Canadian Environmental Assessment Agency,

I am writing to you today to express my support for Pacific NorthWest LNG.

As a resident of Fort St John BC I can attest first hand to the importance of a robust natural gas drilling industry in northeast British Columbia. Progress Energy, who will produce the natural gas that Pacific NorthWest LNG will liquefy, has been a major economic driver in our region for years.

Without new markets to sell our natural gas to, the resource will stay in the ground. Jobs won't be created, money won't be spent and the government will not earn much needed revenue.

I say yes to Pacific NorthWest LNG and say yes to jobs and economic development that will benefit Canada.

I urge the Government of Canada to approve Pacific NorthWest LNG's environmental certificate.

Sincerely,

Justin Emmelkamp
