Dear Canadian Environmental Assessment Agency,

I am writing to you today to express my support for Pacific NorthWest LNG.

I am the owner of Fosters Oil and Gas Services Ltd. which employs 2 people in Fort St. John. My business directly supports the natural gas industry. I am very familiar with Progress Energy who will produce the natural gas to be liquefied by Pacific NorthWest LNG. Progress Energy's drilling activity is a major contributor to the local economy in northeast British Columbia. Without Pacific NorthWest LNG, Progress Energy's drilling activity would slow significantly and that would negatively impact many businesses like mine.

I want to see economic growth in northeast BC. I want my business to grow. I want to be able to hire more employees. Approving Pacific NorthWest LNG will help to make those goals a reality.

I urge the Government of Canada to approve Pacific NorthWest LNG's environmental certificate.

Sincerely,

Graham Foster
