Dear Mr. Boisvert:

The Mississaugas of the Credit First Nation (MCFN), has had an opportunity to review the "Potential conditions under the *Canadian Environmental Assessment Act, 2012*" as contemplated by The Impact Assessment Agency of Canada in relation to the Milton Logistics Hub Project located in Ontario.

Upon review, the MCFN has no further comments in regard to the detailed Potential Conditions as described. As you know, the MCFN continues to be in discussion with CN Rail regarding mitigation measures, ongoing engagement, potential conditions and accommodation.

The MCFN thanks you and the Impact Assessment Agency for the meaningful consultation we jointly engaged in, and for your assistance in helping us understand specific issues, elements and processes when necessary.

We look forward to ongoing discussions with the Impact Assessment Agency in relation to CN Rail Milton Logistics Hub project, and other projects in the future.

Regards,

<Original signed by>

Mark LaForme
