**Subject:** Please! No deep-water word at Sainte-Rose-du-Nord

Madam / Sir

May I take this opportunity to signal my staunch opposition to the proposed deep-water port at Sainte-Rose-du-Nord.

Saguenay's two existing deep-water ports are not used to capacity.

The Saguenay Fiord is precious for Québec because of the unique – and fragile(!) - ecosystems that it supports. We should take every measure possible to avoid marine pollution that would damage this ecosystem. We should also strive to preserve the resplendent beauty of the Fiord which attracts visitors from all over the world.

I strongly believe that the proposed 3<sup>rd</sup> port at Sainte-Rose-du-Nord will have a profoundly negative impact on a priceless natural heritage. If we do not protect it, future generations of Quebecers will not forgive us.

Sincerely

David Pollard
