Dear Amanda Park,

Re: Draft Environmental Assessment Report and Potential Federal Environmental Assessment Conditions for the Jeanne D/Arc Basin Exploration Drilling Project (formerly known as the Husky Energy Exploration Drill Project) proposed by Husky Oil Operations Limited and ExxonMobil Canada Limited

This letter is to acknowledge your letter dated November 25, 2019 with purpose to share for review and comment 1). the Draft Environmental Assessment (EA) Report prepared by the Impact Assessment Agency of Canada (the Agency), and 2). The potential federal EA conditions, which will be recommended to the Minister of Environment and Climate Change for inclusion in the Decision Statements. Witten comments were requested by January 3, 2020.

Currently, Sipekne'katik does not have Federal consultation capacity to undertake the requested activities. Please note, that the proposed project may impact rights.

Sincerely yours,

<original signed by>

Chief Michael P. Sack
