Subject: Lynn Lake Gold Project – DFO final comments/edits requested on draft EA Report and draft EA conditions.

Dear Wajeeha Siddiqui:

Thank you for your letter dated November 7, 2022, requesting Fisheries and Oceans Canada (DFO) provide our final comments on the draft EA report and draft condition for the proposed Lynn Lake Gold Project (the Project).

Overall, it is our opinion that the Agency has accurately and adequately characterized the potential environmental effects and key mitigations and follow-up program measures; and, summarized the analysis by Alamos Gold Inc. and the comments and views of DFO. Attached you will find a table collating our Department's final comments and edits for your consideration.

Should there be any questions or concerns regarding this submission, please contact Amelia Corrigan (<contact information removed>) and Eddie Noton (<contact information removed>).

Yours sincerely,
