Tara Bailey, Project Manager
Impact Assessment Agency of Canada
600-55 York Street, Toronto, ON M5J 1R7

Dear Ms. Bailey,

On behalf of the Sioux Lookout Shrine Family, we are pleased to express our support for the advancement of First Mining Gold's Springpole Gold Project. As a local community organization, the Shrine Family has benefited from First Mining Gold's ongoing support, sponsorship, and contributions that have helped us to support children and families facing medical challenges in Sioux Lookout and the surrounding area.

Through their involvement with local organizations like ours, First Mining Gold has demonstrated a strong commitment to supporting northern communities and investing in programs that improve quality of life. Their support helps sustain valuable community services, charitable initiatives, and events that bring people together and foster a sense of local pride.

The Springpole Project represents an important opportunity for northern Ontario, not only through employment and economic development but also by enabling continued community engagement and support for organizations like the Shrine Family. Projects of this scale have a meaningful impact on the region, contributing to both social and economic vitality.

Based on our experience with First Mining Gold and the support they have provided to our organization, the Sioux Lookout Shrine Family fully supports the advancement of the Springpole Gold Project and encourages the Government of Canada to allow the project to move forward to the next stages of development and permitting.

Sincerely,
<Original signed by>
