Impact Assessment Agency of Canada
Project Manager – Newfoundland and Labrador

SENT BY -EMAIL to: brent.keeping@canada.ca

Subject: NRCan Review – Proponent's response to first round of IRs - West Flemish Exploration Drilling Project

On June 4, 2020 Natural Resources Canada (NRCan) received a request from the Impact Assessment Agency of Canada (the Agency) to review the Proponent's responses to the first round of Information Requests (IRs) for the West Flemish Pass Exploration Drilling Project. NRCan has reviewed the information relevant to our areas of expertise, which for this project are in marine geohazards and oil spill behaviour. NRCan is satisfied with the information presented and does not have any follow-up IRs.

If you have any questions please do not hesitate to contact me via email at Maximilien.Genest@Canada.ca or by phone at 613-447-2597.

Sincerely,

[Original Signed by]

Maximilien Genest
Impact Assessment Officer
Office of the Chief Scientist
