Comments and Clarifications from Review of Draft Indigenous Engagement and Participation Plan

Table B – Comments/Questions Related to Draft Indigenous Engagement and Participation Plan			
Section	Item	Issue / Excerpt	Comment / Question
5- Engagement Tools and Methods	Table 6.1 – <i>Table of Indigenous Engagement Approaches and Activities Phase 2: Impact Statement</i> Proponent develops Impact Statement	"Indigenous groups engage with the proponent to co-develop or collect any relevant information and identify potential effects, mitigation and follow-up measures, to inform the Impact Statement-..."	This is open-ended in terms of expectations on the proponent regarding data collection. Wording should be adjusted to "existing relevant information" and "as prescribed in agreed-upon work plans."
6- Engagement Consultation Approach	General		For confirmation, during which specific process phases does the Agency expect the proponent to attend in-community meetings? Also, to facilitate our current budget reforecasting activities, kindly provide the Webequie Project Team with an estimate of the number of such activities during the Impact Statement Phase and Impact Assessment Phase, as well as the general timing, if possible
6- Engagement Consultation Approach	General		Will the Agency be responsible for printing of materials (i.e., maps) they request of the proponent as part of their consultation with Indigenous groups?
