

Fiscal Year(s)	Agreement # or AFSAR project #	Recipient/Organization
2007-2008	AFSAR1227	Eabametoong & Mishkeegogamang
2007-2008	AFSAR1216	Webequie First Nation
2007-2008	AFSAR1225	Windigo First Nations Council
2009-2010	AFSAR1424	Keewaytinook Okimakanak Research Institute
2009-2010	AFSAR1403	Mushkegowuk Environmental Research Centre (MERC)
2010-2011	AFSAR1772	Metis Nation of Ontario
2011-2012	AFSAR1916 (1113423)	North Caribou Lake First Nation
2011-2012	AFSAR1974	Ontario Aboriginal Lands Association
2012-2014	AFSAR2121 (1200874)	Moose Cree First Nation (MCFN)
2013-2014	AFSAR2251	Animbiigoo Zaagi'igan Anishinaabek
2013-2014	1301255	Mishkeegogamang
2014-2015	AFSAR2434 (1405929)	Matawa First Nations Management
2014-2015	AFSAR2397 (1404328)	Moose Cree First Nation (MCFN)
2014-2015	AFSAR2735	Nature Canada
2015-2016	AFSAR2549 (GCXE16E116)	Constance Lake First Nation
2015-2016	AFSAR2581 (GCXE16E120)	Matawa First Nations Management
2015-2016	GCXE16E143	Matawa First Nations Management
2017-2019	AFSAR2987 (GCXE18C033)	Moose Cree First Nation (MCFN)
2018-2019	AFSAR3199 (GCXE19C023)	Matawa First Nations Management
2018-2019	GCXE19C060	Matawa First Nations Management
2018-2019	GCXE19C089	Matawa First Nations Management

2018-2019	GCXE19C161	Moose Cree First Nation (MCFN)
2018-2019	GCXE19C059	Mushkegowuk Guardian Program
2019-2020	GCXE20C269	Matawa First Nations Management
2019-2020	GCXE20C002	Matawa First Nations Management
2019-2020	GCXE20C204	Weenusk
2019-2021	AFSAR3359 (GCXE20C139)	Matawa First Nations Management
2019-2021	GCXE20C304	Moose Cree First Nation (MCFN)
2019-2022	GCXE20C305	Kitchenuhmaykoosib Inninuwug First Nation
2020-2023	GCXE21C075	Webequie First Nation
2020-2026	GCXE21C122	Matawa First Nations Management
2021-2023	GCXE22C185	Constance Lake First Nation
2021-2023	GCXE22C079	Mushkegowuk Council
2022-2023	GCXE23C457	Attawapiskat First Nation
2022-2024	GCXE23C312	Binjitiwaabik Zaaging Anishinaabek
2022-2024	GCXE23C298	Ginoogaming First Nation
2022-2025	GCXE23C458	Fort Albany First Nation
2022-2025	GCXE23C142	Matawa First Nations Management

2023-2024	GCXE24C084	Attawapiskat First Nation
2023-2024	GCXE24C096	Constance Lake
2023-2024	GCXE24C226	Mushkeogwuk Council
2023-2025	GCXE24C240	Matawa First Nations Management
2023-2026	GCXE23C052	Constance Lake
2022-2024	GCXE23C344	Whitesand First Nation
2022-2024	GCXE23C333	Mushkegowuk Council
2021-2024	GCXE22C206	Moose Cree First Nation
2019-2020	GCXE20C052	Métis Nation of Ontario
2019-2023	GCXE20C290	Métis Nation of Ontario
2020-2026	GCXE21C063	Métis Nation of Ontario
2022-2025	GCXE23C178	Métis Nation of Ontario
2023-2027	GCXE24C262	Métis Nation of Ontario
2022-2026	GCXE23C484	Métis Nation of Ontario
2023-2026	GCXE24C059	Métis Nation of Ontario Secretariat Inc.
2021-2025	GCXE22S093	Trent University - Dr. Paul Wilson
2021-2023	GCXE22S048	Wilfrid Laurier Univeristy - Dr. Jennifer Baltzer
2021-2023	GCXE22S047	University of Guelph - Dr. Jesse Popp
2022-2023	GCXE23S015	University of Guelph - Dr. Catherine Dieleman

Project Title	Program	Reports
Northern Boreal Initiative - Eabametoong & Mishkeegogamang, Community Based Integrated Land Use Planning Project - Capacity Building and Species of Concern Surveys	AFSAR (Aboriginal Fund for Species at Risk)	Final project report Taa Shi Key Win
Webequie, Wunnumin, Kingfisher, and Nibinamik First Nations Woodland Caribou and Wolverine ATK and winter tracking	AFSAR (Aboriginal Fund for Species at Risk)	Final project report TEK Science Report
Northern Boreal Initiative – Cat Lake & Slate Falls – Land Use Planning – Woodland Caribou Survey – winter and calving habitat	AFSAR (Aboriginal Fund for Species at Risk)	Final project report
Community & youth knowledge sharing of polar bear population in Fort Severn First Nation	AFSAR (Aboriginal Fund for Species at Risk)	Final project report Conservation Strategies for Wabusk in Washeo
Attawapiskat First Nation's TEK outreach on Polar Bears	AFSAR (Aboriginal Fund for Species at Risk)	Final project report Polar Bear Final Meeting Report
SAR-Traditional Knowledge Framework Integration and Community Awareness	AFSAR (Aboriginal Fund for Species at Risk)	Final project report
SAR education & awareness including ATK data collection for North Caribou Lake First Nations Traditional Territory	AFSAR (Aboriginal Fund for Species at Risk)	Final project report Report on Endangered Species - Sturgeon, Caribou and Wolverine
OALA Region Species at Risk Symposium	AFSAR (Aboriginal Fund for Species at Risk)	Final project report
Moose Cree in Conservation and Stewardship of Bird Species at Risk within the Homelands	AFSAR (Aboriginal Fund for Species at Risk)	Final and annual project reports Common Nighthawk Survey Report 2012 Red Knot Survey Report 2012
Woodland Caribou Aboriginal Traditional Knowledge (ATK) and and Traditional Ecological Knowledge (TEK) Research Project	AFSAR (Aboriginal Fund for Species at Risk)	Final project report Elder and Resource Holder Caribou Survey Flight tracks and craterings
Mishkeegogamang Ojibway nation collection of Aboriginal Traditional Knowledge of Lake Sturgeon and Woodland Caribou	AFSAR (Aboriginal Fund for Species at Risk)	Project was canceled; no reports available
Avian species at risk outreach program for Matawa First Nation communities in Northern Ontario's Ring of Fire	AFSAR (Aboriginal Fund for Species at Risk)	Final project report
Important Bird Areas in the Boreal: Moose Cree capacity building and habitat assessment	AFSAR (Aboriginal Fund for Species at Risk)	Final project report IBA Caretaker Manual DRAFT Moose River Avian Monitoring Survey - Data
Revising and renaming Important Bird Areas in Southwestern James Bay, Ontario	AFSAR (Aboriginal Fund for Species at Risk)	Final project report
Boreal caribou traditional knowledge-based habitat supply model, restoration and monitoring strategy for Constance Lake Traditional Territory in Ontario	AFSAR (Aboriginal Fund for Species at Risk)	Final project report CLFN Boreal Caribou Monitoring and Habitat Supply Model Report (updated)
Avian species at risk monitoring and outreach program for Matawa First Nation communities in Northern Ontario's Ring of Fire	AFSAR (Aboriginal Fund for Species at Risk)	Final project report Species list by community
Building capacity in Eabametoong First Nation to assess, conserve and protect traditionally used wetland areas on and off reserve through baseline data collection and analysis programs	National Wetland Conservation Fund	Final project report with appendices: Laboratory Samples and Analysis Wetland Assessment Field Sheets Outreach materials, photographs, trails map ,sampling locations
Moose Cree leadership to protect Species at Risk in the Moose Cree Homelands	AFSAR (Aboriginal Fund for Species at Risk)	Final and annual project reports Point Count Results - July 2018 Species at Risk in the Moose Cree Homelands - HABITAT MODELING OF BIRD SPECIES AT RISK IN THE MOOSE CREE HOMELANDS - FRANCISCO V. DÉNES - MARCH 2019
Promoting Stewardship and Recovery of Myotis sp. in the Matawa First Nations Homelands	AFSAR (Aboriginal Fund for Species at Risk)	Final project report & attached outreach materials
Developing a Community-Based Regional Guardians Program in our Homelands	Indigenous Guardians	Final report and associated outreach and engagement material
Knowledge Gathering, Research and Capacity Building on Boreal Woodland Caribou Populations within the Homelands of the Matawa member First Nations	Priority Species (Species) - Canada Nature Fund	Final report and associated outreach and engagement material

North French River Watershed Conservation Plan.	Pathway (Spaces) - Priority 1 - Canada Nature Fund Target 1 Quick Start program	Final report Draft Report - The Case for Permanently Protecting KAH-PANA-YOW-SIPI (North French River) in Northeastern Ontario
Mushkegowuk Council	Guardians Program	Final report
Four Rivers Regional Guardian Network	Indigenous Guardians	Annual report The following reports are mentioned and may only available upon request from Matawa: Manual 011: Four Rivers database Framework & Storage Protocol Fish Habitat Assessment Protocol for Matawa member First Nations Constance Lake First Nation: Constance Lake Assessment; and Eabametoong First Nation: Tidy Lake Assessment Matawa case study within the CIER (Centre for Indigenous Environmental Resources) report "Hydro -Climatic Monitoring Roadmap : a guide to enabling hydro-climatic monitoring for Indigenous Communities"
Knowledge Gathering, Research and Capacity Building on Boreal Woodland Caribou Populations within the Homelands of the Matawa member First Nations	Priority Species (Species) - Canada Nature Fund	Final report in preparation
Weenusk First Nation Guardians program	Indigenous Guardians	Final report
Building Capacity in the Matawa First Nations for Research, Recovery, and Stewardship of Myotis Sp.	AFSAR (Aboriginal Fund for Species at Risk)	Final Report Annual report & attached supporting documents 2019 Transect Surveys - Ginoogaming & Constance Lake First Nation (Preliminary Results) 2019 Stationary Surveys - Ginoogaming First Nation (Preliminary Results)
Establishing a First Nation Protected Area in the North French River Watershed - capacity building project	Target 1 Challenge - Canada Nature Fund	2019-2020, 2020-2021 Annual Reports; Map of proposed IPCA
Establishing an Indigenous Protected Area in the Fawn River Watershed (Kitchenuhmaykoosib Inninuwug homeland) - capacity building project	Target 1 Challenge - Canada Nature Fund	Final report Outstanding Ecological atlas and cultural atlas in preparation
Building Capacity through Traditional Knowledge to Conserve and Protect Boreal Woodland Caribou for Future Generations	Cumulative Effects - Impact Assessment and Regulatory System	Funding deferred from 20/21 to 21/22 Annual Project report (21/22) Waiting on Final Report
Building capacity in Matawa member First Nations for acoustic monitoring of birds and bats in northern Ontario	Cumulative Effects - Impact Assessment and Regulatory System	Annual Project report (20/21) Four Rivers Taking Care of the Spirits of the Land and Water is to Take Care of the People Document DRAFT Annual Project report (21/22) Annual Project report (23/23) in preparation Project funded and in progress for 23/24, 24/25, and 25/26).
Tracking change: Woodland caribou habitat and monitoring by Constance Lake First Nation	Cumulative Effects - Impact Assessment and Regulatory System	Annual Project report (21/22) Final Report (2021-2023)
Mushkegowuk Council Indigenous Engagement - Wetlands assessment of possible impacts to Hudson Bay Lowlands and engagement with communities on priority ecosystem components in the Ring of Fire region	Cumulative Effects - Impact Assessment and Regulatory System	Mushkegowuk Wetlands Report 2022 Final Report
Caribou recovery in the traditional territories of the Attapiskat First Nation	Indigenous Partnerships Initiative	Final Project Report
Lake Nipigon Cumulative Impact Awareness Initiative	Indigenous Guardians	Annual Report (2022-2023)
Ginoogaming First Nation Guardians	Indigenous Guardians	Report status unknown
Caribou recovery in traditional territories of Fort Albany First Nation	Indigenous Partnerships Initiative	Waiting on 2022-23 Annual Report
Advancing Knowledge on at Risk Species in Northern Ontario, Building Capacity in the Matawa member First Nations for Nesting Species at Risk Monitoring Programs	AFSAR (Aboriginal Fund for Species at Risk)	2022-23 ARU Deployment Report 2022-23 Community Science Survey Report 2022-23 Detailed Vegetation Inventory Survey 2022-23 Insect Survey Report 2022-23 Bat Transect Report Geospatial Information: ARU locations, Community Science, Vegetation Survey, Insect Surveys, Bat Transect

Kattawapiskak Sipihk N'timihk: Guardians of the Headwaters of the Kattawapiskak River	Indigenous Guardians	In Negotiation
Constance Lake First Nation Indigenous Guardians	Indigenous Guardians	In Progress - No reports currently
Building Capacity in Mushkegowuk Council Member First Nations for Biodiversity Surveys in Far Northern Ontario	Cumulative Effects - Impact Assessment and Regulatory System	Negotiating Workplan
Matawa Carbon Assessment	Nature Smart Climate Solutions Fund (Indigenous-led Natural Climate Solutions)	Project will assess stored carbon in select upland forest soils and lowland peatlands within the traditional territories of six Matawa member First Nations. Soil cores and surveys of vegetation types Measurements of water levels at sample sites GHG gas flux measurements First step in a longer-term program to establish a carbon management system for Matawa communities to inform land use planning, environmental/impact assessment, and forest management.
Tracking change: Woodland caribou habitat and monitoring by Constance Lake First Nation Phase 2	Indigenous Partnerships Initiative	In Negotiation
Whitesand First Nation Guardians	Indigenous Guardians	Active
Mushkegowuk Council's Regional Guardians Network	Indigenous Guardians	Active
Protecting Pei Lay Sheesh Kow in the Moose Cree Homelands	AFSAR	2021-22 Annual Report
The project supports the development of Métis Nation of Ontario's migratory bird harvest database.	Powley (Metis)	No Final Report Found, results are unclear
The Metis Lands and Waters Guardians Program	Indigenous Guardians	Mid-year project activity report
Migratory Birds Harvest by Métis in Ontario	Powley (Metis)	Previously funded: GCXE18C337; GCXE19C073 2021-2022 Annual Report 2021-2022 Final Report 2018-2019 Final Report
Métis Nation of Ontario's Species at Risk Project	Indigenous Partnerships	2022-2023 Annual Report
Métis Nation of Ontario (MNO) Sofgardé la tèr (land conservation)	NSCSF - ILNCS : Indigenous-led Natural Climate Solutions	Developing emissions reduction project, land assessment rubrics to guide acquisition planning, acquisition of at least 40 hectares of wetlands for long-term conservation and restoration
Métis Nation of Ontario - Federal Nature Table	Indigenous distinctions-based Nature Tables	2022-2023 Annual Report
Indigenous-led Conservation Capacity Project by Métis Nation of Ontario	IPCAs + other PCAs : ILABC	
Implementing genomics-based monitoring to assess the impact of proposed mining activities in the Far North region of Ontario	Cumulative effects	
Assessing and projecting cumulative effects of anthropogenic and natural disturbance on vegetation and wildlife in the Ring of Fire area	Cumulative effects	
Prioritizing ethical space to support engagement among scientists and Indigenous communities in the Ring of Fire and beyond	Cumulative effects	
Characterization of ecohydrological-carbon relationships and surface-carbon ecosystem service bundles in northern peatlands in the central Hudson Bay region	Cumulative effects
