

- Project Site
- 24-Year Life of Project Area
- Sand Processing Facility Area *
- Annual Sand Extraction Areas ****
- Proposed Extraction Years 1 to 4
- Land Ownership**
- Crown Land
- Private Land

- General Features**
- Highway
- Railway

NOTE
 The Project Site is the boundary within which the Project footprint for years 2021 – 2025 will occur, excluding required setback areas, e.g., property not owned by CanWhite or not under agreement with CanWhite for development.

* The sand processing facility (i.e. the sand wash plant, dry plant and associated infrastructure) are not components of the Project and is being reviewed by regulatory authorities under a separate Environment Act Licence application.

** Progressive annual decommissioning and rehabilitation of sand extraction boreholes, equipment laydown areas, drill rig access trails, slurry pipe right-of-ways and temporary pumping stations will occur within each annual sand extraction area each extraction year.
