RE: CanWhite Sands Corp response to IAAC letter of clarification Received Sept 21, 2021 – *Video of open house August 24, 2021*

CanWhite Sands Corporation (CWS) submitted a response on October 15, 2021 to the IAAC letter received September 21, 2021 which included a full un-edited video of the CWS Public Open House August 24, 2021.

As discussed with Ms. Shelly Boss and Mr. Ian Marten, the IAAC can only accept content that can repost publicly as the Privacy Act precludes the use of republishing the video without Waivers and Consent forms from all participants. Although CWS has no objection to its use, it is not feasible to obtain such documentation from all public participants who were known or spoke on the video.

As a solution, CWS is having a summary of the video prepared in written form for submission where content can be forwarded for review without breach of the privacy act.

We anticipate this material to be forwarded under separate cover later this week.

Best Regards,
