Dear Wajeeha Siddiqui:

Re: Review of Draft Tailored Impact Statement Guidelines (d/TISG) and Draft Permitting Plan public comment period – Value Chain Solutions (VCS) Heartland Complex Expansion Project

Environment and Climate Change Canada (ECCC) is providing comments on the publically available version of the draft Tailored Impact Statement Guidelines (d/TISG) and the draft Permitting Plan for the VCS Heartland Complex Expansion Project as requested by the Impact Assessment Agency of Canada (IAAC or “Agency”) on April 16, 2021.

ECCC has reviewed the Draft Permitting Plan and have no comments at this time.

Our advice is based on ECCC’s mandate in the context of the *Species at Risk Act* (SARA), the *Migratory Birds Convention Act 1994* (MBCA), pollution prevention provisions of the *Fisheries Act*, and the *Canadian Environmental Protection Act 1999* (CEPA).

Please contact Abigayle Blackmore at 780-239-3894 or Abigayle.Blackmore@canada.ca if you need more information.

Sincerely,
