To the The Minister of the Environment, the Honourable Johnathan Wilkinson:

Hi Jonathan,

It's come to my attention that the Ontario government has proposed the construction of a highway through VITAL farmland and wetland habitat. An area called the Holland Marsh. Here is an article giving a fuller picture -

I'm asking you to please step up for us (all of us) and mandate that a federal environmental assessment be done on this land this project is proposed on.

Thank you kindly, (you probably get a lot of these request nowadays)

Zach
