**Subject:** request for environmental Assessment

Dear Mr Wilkinson

We are writing to you as our Minister of Environment and climate Change to respectfully request a federal environmental assessment be done of proposed developments of highway 413 and the Holland Marsh Highway.

These projects will have long term impacts on our human communities as well as our forests farms and wetlands. The potential environmental damage of these projects will affect not only on all of us who are resident in Ontario but all Canadians

Thank you for your consideration.  
John Geeza and Dr Julianna Switaj, <Personal information removed>
