Environment and Climate Change Canada has reviewed Saskatchewan Power Corporation’s Initial Project Description for the proposed Aspen Power Station Project as requested by the Impact Assessment Agency of Canada in an April 25, 2023 letter. Our FAAR response is attached.

Our advice is based on ECCC’s mandate under the *Species at Risk Act*, the *Migratory Birds Convention Act*, the pollution prevention provisions of the *Fisheries Act* and the *Canadian Environmental Protection Act, 1999*.

Your one-window contact for coordination of ECCC’s participation in this project is Gayle Hatchard, cell 587-341-9793, email gayle.hatchard@ec.gc.ca. Please also address electronic correspondence to the ECCC Prairie and Northern Region EA Generic Inbox at EASouthPNR@ec.gc.ca.
