Dear Andrew Clarke:

RE: 87381 – Cando Sturgeon Rail Terminal West Expansion – Environment and Climate Change Canada's (ECCC) Federal Authority Advice Record (FAAR)

Environment and Climate Change Canada has reviewed Cando Rail and Terminal's Initial Project Description for the proposed Cando Sturgeon Rail Terminal West Expansion Project, as requested by the Impact Assessment Agency of Canada in its email of March 5, 2024. Our FAAR response is attached.

Our advice is based on ECCC's mandate under the Species at Risk Act, the Migratory Birds Convention Act, the pollution prevention provisions of the Fisheries Act, and the Canadian Environmental Protection Act, 1999.

In the context of Environmental and/or Impact assessments, ECCC provides technical, science-based information and knowledge to support the responsible authority in its assessment of the project's effects in the receiving environment. Any information or comments received from ECCC in this context does not relieve the proponent of its obligations to respect all applicable federal Acts and regulations.

If you need more information, please contact your one-window contact, Orlagh O'Sullivan, at (431) 276-4506 or Orlagh.Osullivan@ec.gc.ca. Please also address electronic correspondence to the ECCC Prairie and Northern Region EA Generic Inbox at EASouthPNR@ec.gc.ca.
