**Subject:** Nuclear Waste at Revell site

I have lived in Beautiful Northwestern Ontario my whole life. Born and [raised.in](#) Dryden Ontario. I donot believe that there has been enough information about the Nuclear Waste Site.

1. There is no Deep Nuclear Waste Site anywhere in the world that is up and running. NWMO KEEPS STATING IT IS SAFE YET THERE IS NO PROOF. WHERE IS THE PROOF?

2. NWMO ONLY TALKED TO 2 SMALL COMMUNITIES WABIGOON AND IGNACE. THEY NEVER ALLOWED ANY THE OTHER COMMUNITIES TO VOICE THEIR OPINIONS. THIS DOESNOT JUST AFFECT THEM IT AFFECTS ALL OF ONTARIO. EVERY SINGLE PERSON IN NORTHWESTERN WOULD BE AFFECTED. ON THIS SUBJECT. ALSO EAGLE RIVER BAND WAS NOT ALLOWED TO VOTE EVEN THOUGH THEY ARE PART OF THE WABIGOON BAND.

3. THERE HAS NOT BEEN ENOUGH INFORMATION ABOUT THE TRANSPORTATION OF THE NUCLEAR WASTE. LIKE HOW IT IS BEING TRANSPORTED. WHAT COMPANY IS RESPONSIBLE FOR TRANSPORTING IT? WHO WILL BE PROTECTING THESE SHIPMENTS?

4. WHERE ANY OF THE COMMUNITIES THE TRANSPORTATION ROUTE GIVEN A VOTE ? WHERE THEY ASKED IF THE COMMUNITIES WANTED TOXIC WASTE TRAVELING THROUGH THEIR COMMUNITIES?

5. HIGHWAY 11/ 17 IS KNOWN AS THE KILLER HIGHWAY. WHICH IS EVEN WORSE IN THE WINTER TIME.

6. WE HAVE IMMIGRANTS AND REFUGEES OBTAINING TRANSPORT TRUCK DRIVERS LISCENSES. UNDER FRAUDULENT CIRCUMSTANCES. THERE HAVE BEEN MULTIPLE ACCIDENTS INVOLVING DRIVERS CAUSING ACCIDENTS. DUE TO LACK OF EXPERIENCE WITH CANADIAN WINTER WEATHER CONDITIONS. WHICH HAVE RESULTED IN FATALITIES .

7. Facts average transportation distance of 1,800 km per trip . The plant would be in operation for 160 years. Do people realize they want to dump 150,000 tonnes of highly radioactive waste in the headwaters of the Wabigoon River Watershed.

8. Plutonium has a half life of 24, 400 years. Information l found stated that the used nuclear waste should be stored were it is produced and not moved across the province. Plus it is also coming from other places on the East Coast.

9. What gives NWMO AND OUR GOVERNMENT THE RIGHT TO DECIDE FOR ALL OF NORTHWESTERN ONTARIO. WE ARE NOT THE DUMPING GROUND FOR SOUTHERN ONTARIO OR ANYWHERE ELSE. WHY IS IT NOT BEING KEPT AT THE SITES IT IS PRODUCED AT? SIMPLE FACT THE PEOPLE OF SOUTHERN ONTARIO DONOT WANT IT IN THEIR BACKYARD. REASON BEING THEY KNOW IT IS NOT SAFE . AS FAR AS I AM CONCERNED NWMO ARE SCUMBAGS . THEY DIDNOT ASK OTHER COMMUNITIES WHY? BECAUSE WE HAD ALREADY STATED WE DID NOT WANT. PLUS THEY BRIBED THESE COMMUNTIES WITH MONEY.
